

GAME & FLAMES

EST.2016

2026-2027

In this brochure you will see our menu selections; they are carefully picked to provide you with the best seasonal produce and a theatrical experience designed to impress.

We provide rustic, pure food, and plenty of it.....we are wildly unique!

Masters of outdoor live fire, cooking, we specialise in sustainably sourced wild game, including local fallow deer, wood pigeon and wild boar from the Forest of Dean.

As a business we are eager to minimise our carbon footprint using local businesses and seasonal produce when we can. We source farmed meat from local farms with high animal welfare standards. We have replaced farmed salmon with chalk stream trout; it has a deeper, fuller flavour and makes an excellent sustainable alternative to farmed salmon.

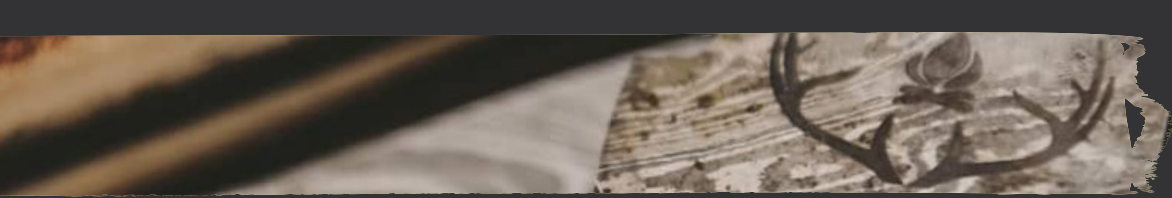

Our main courses are designed to be served on sharing platters alongside hearty bowls of vegetables and salad; creating an interactive social environment and a talking point that will be remembered for years to come.

Please take time to look through our brochure and feel free to ask any questions.

We look forward to hearing from you!

TESTIMONIALS

FROM OUR CLIENTS

Alison & Ross married on 26/10/2024

Selkirk

Communication with Cai and Deb was brilliant from start to finish. The G&F team were exceptionally professional and worked well with an unfamiliar front of house team dealing with dietaries and guests needs brilliantly. The attentive and smooth service was perfect for our intimate outdoor wedding!

Monica & Chris married on 07/09/2024

We want to leave this message as we highly recommend Game and Flames, their food is outstanding, their service is outstanding and were a pleasure to work with. The flavours of their food are amazing. Thank you for being part of our special day.

Tom & Nicole married on 17/08/2024

Canterbury

Game & Flames were just the dream caterer for our wedding. The food was absolutely delicious (not just the meat but sides, fish and veggie options too!) We adored the fact that it wasn't just a meal but a whole experience! Our guests loved watching the food being made. We also did our evening food with Game and Flames and the burgers disappeared! Everyone adored them!

Cai was lovely and even had a separate board of canapes for the bride & groom, which was appreciated! In short the loveliest caterer, will definitely think of them again if we ever have another big event!

Thanks for everything Game & Flames!

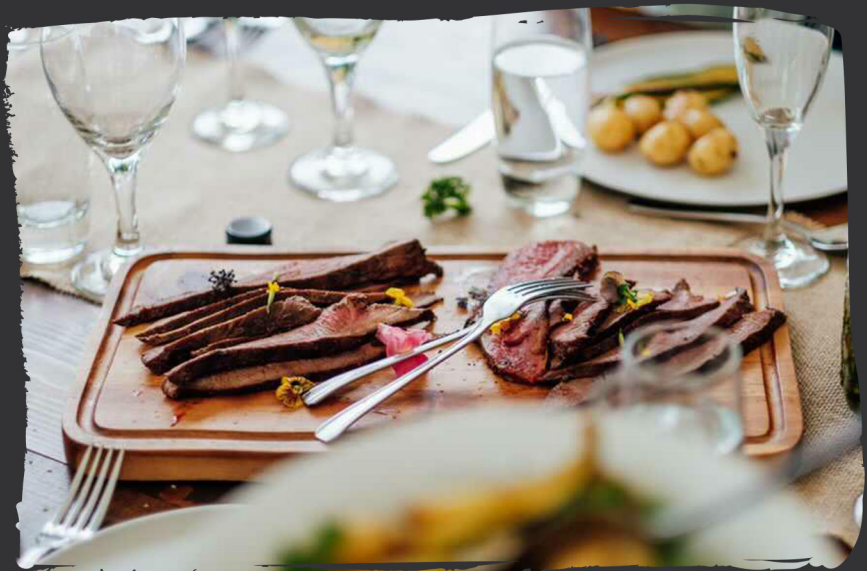

Andy & Rachel , married on 03/08/2024

Cai and the team delivered absolutely incredible food that was one of the highlights of our wedding day. They were extremely professional throughout the planning process, providing invaluable advice and making recommendations on things we had not even thought about. When the cooking was being done on the day, it was a feature for our guests, allowing them to see what we being cooked and interact with Cai and the team. The food was perfectly cooked and many of our guests commented that it was some of the best wedding food they had ever tasted. We would wholeheartedly recommend Game and Flames to anyone looking for a unique and tasty catering experience for their event.
